

JBL C83

8-inch (200mm) 3-element Invisible Loudspeaker

JBL

Features

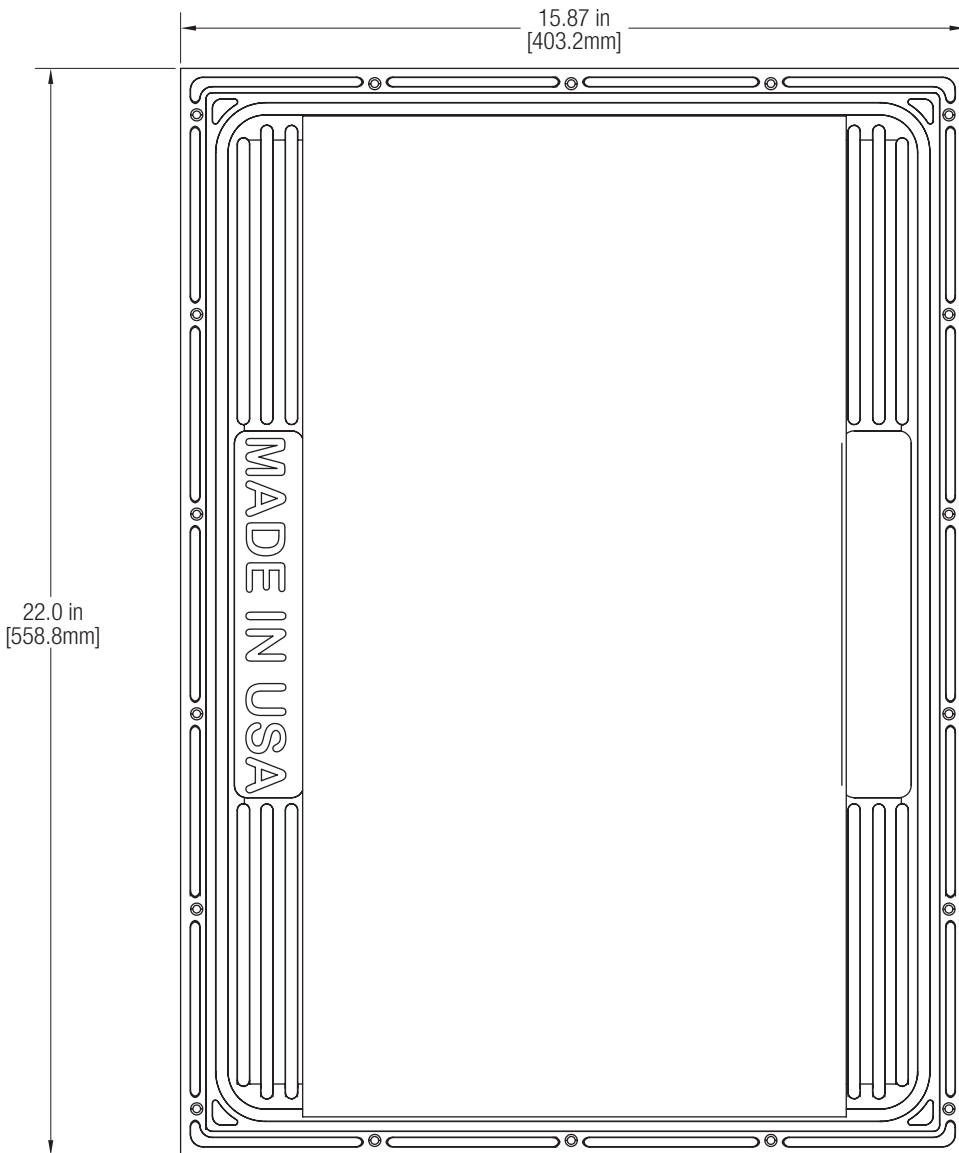

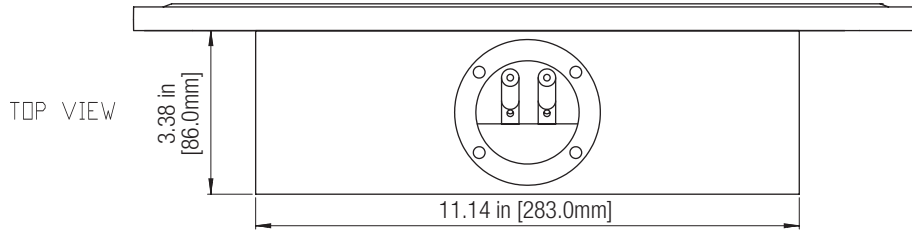

- One-piece design with 8-inch (200mm) woofer and dual MF/HF transducers
- Proprietary FidelityGlass™ acoustic panel and compression molded baffle
- Custom designed transducers with JBL premium acoustic crossover network
- Integrated wooden back box enclosure for reduced acoustic intrusion into adjacent spaces
- Loudspeaker system installs like a standard drywall patch
- Paintable surface can also be custom finished for complete invisibility
